## SONAPUR COLLEGE: A POST-SILVER JUBILEE JOURNEY

The completion of twenty-five years is indeed a major milestone in the life of an educational institution. Sonapur College, since its foundation in 1991, has earned very considerable appreciation for providing value-based education and for imparting the ideals of academic excellence, sense of discipline and high moral and ethical values, leading to the development of an integrated personality. The motto of the college 'To lead from darkness to light' is reflected in its faith that education is a process of awakening individual potential to creative knowledge inculcating in them the desire to excel in various spheres. It is extremely noteworthy that the institution considers it to be 'its duty to nurture its students as sensitive people with strong values, who will leverage their individual achievements to strengthen the fabric of the community, the nation and the planet'. The college is known to have been discharging its duties in ample measure.

It is really a commendable effort in the part of the college to infuse dynamism, inventiveness and optimism into the students, besides assisting them in their pursuit of academic brilliance. Credit certainly goes to all the stake holders who have made the college such a prestigious institution of learning.

The progress of an educational institution is assessed not only by the academic excellence which the students achieve but also upon the role it plays in instilling discipline, sense of confidence, attitude of cooperation with others and principled commitment to the country and the people. Sonapur College has therefore proved instrumental in engineering a bridge between the college and the society. The college takes pride in its 15 years of association with its adopted village 'Dikchak'. Various community development programmes have been given priority in the annual agenda of the college.

As part of its horizontal growth, the college has made it a point to add various new courses to its existing ones. In line with its successful running of the B. Voc. Courses under DDU KAUSHAL Kendra, the college keeps M. Voc. And M.A. programmes in its priority list. Necessary measures have already been initiated to place before the students a variety of professional courses of their choice.

The college is proud of its students who have secured excellence in their academic pursuits and thus helped the institution to realize its goal. The post-silver jubilee journey is expected to open up new avenues in pursuit of its excellence.
