- iv) The students informed that the classes have been dealing with the static portion of the syllabus while major components of the syllabus like general and current affairs, art & culture, science & technology etc. remains to be addressed.
- v) The students suggested that provision for tests in the form of MCQs be held in regular intervals to prepare them for the same.
- vi) The students have felt the need of a detailed course plan so as to acquaint themselves with the progress of the syllabus and related matters.
